

Old School, Meet New Cool.

 **Imperial**
DEPENDABLE UNDER PRESSURE®

The first iOS and Android compatible manifold with remote monitoring and rich data reporting.

intelligent innovative interactive

Leveraging years of HVAC/R tool experience coupled with extensive feedback from the HVAC/R community, Imperial® introduces the iManifold™, a revolutionary breakthrough in digital manifold technology.

The iManifold will save you hours of time by eliminating the need for manual calculations while presenting the data in an easy to read format on your smart device.

The iManifold app

- Easy to read display
- Target pressure calculated and displayed
- Over 40 refrigerants
- Equipment profiling
- Calculates target superheat for fixed metering device
- Calculated target zones for superheat, subcooling and discharge line
- Troubleshooting

Features

- Rugged aluminum frame and handle
- Wired and wireless probe options
- Bluetooth connection to smart devices
- Deep draw manifold
- Large, easy-grip handles
- Adjustable hose holders

Product specifications

- Over 40 refrigerants
- Up to 4 wired probes (12 wireless probes)
- Requires 6 AA batteries (included)
- Weight: 3 lbs (6.6 kg)
- Dimensions: 10.5" x 5.5" x 3" (26.7 mm x 14 mm x 7.7 mm)
- 2 year limited warranty
- Bluetooth required on smart device
- Compatibility: iPhone 4s or higher
iPad 3 or higher
Android 4.1 or higher (Jelly Bean)

The iManifold app is available for free download
